

1962

THE CARDINAL

Class of 1960

Champaign County Public Schools

Triad High School

Board of Regents

has satisfactorily completed the Course of Study prescribed by the State of Ohio, and is therefore entitled to this Diploma

In Witness Whereof, we the undersigned affix our signatures at North Tawesburg, Ohio,

May 27, 1960.

Wm. D. Carson

President

Anna Cary

Clerk

J. V. Lehn

County Superintendent of Schools

Printed at

Executive Order

MRS. LEVA JOHNSON

The members of the 1961, 1962 Cardinal wish to dedicate this book to our friend and Advisor, Mrs. Johnson. We hope that this gesture can partially repay her for her time and efforts.

The Staff

Mr. John Westfall, Mr. Richard Rhodes, Mr. Raymond Kemper, Mr. William Davisson, and Mr. John Polsley,

MRS. PRATT, Clerk

Deadlines! Deadlines! all the time. Though through some miracles we've always managed to come out on top.

This year through some wonderful efforts of our advertising and subscription staffs, we've already received \$1164.00 and we aren't finished yet!!!

This year we feel we have a bigger and better yearbook than ever before. We have increased the number of pages to enable us to cover all the events at Triad.

We hope you enjoy going through this years 61-62 Cardinal and reliving memories.

MRS. LEVA JOHNSON, Advisor

Sharon Overfield, Cheryl Hollingsworth
Assistant Editor Editor

Gene Burnett, Herman Chambers
Business Managers

Evelyn Corbett Absent

Jerry M. Baird

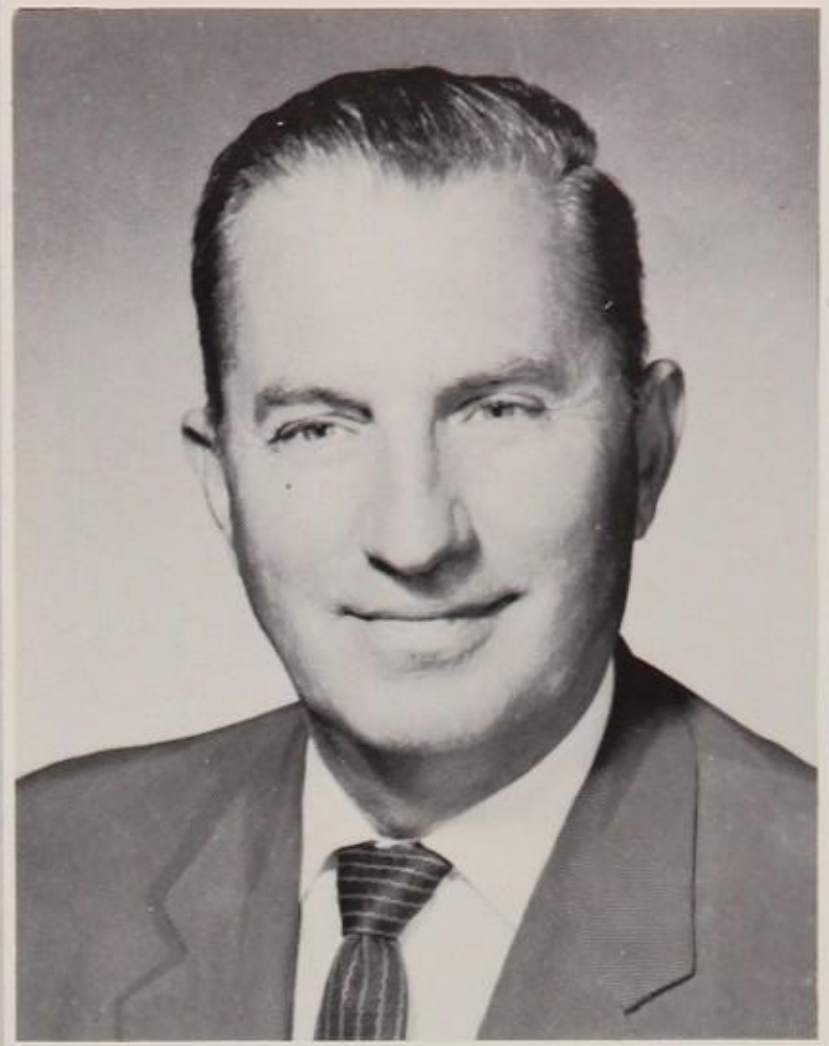

You are graduating in a historical year, the first year in which an American astronaut has orbited the earth. This feat was accomplished through great advances in science, technology, and industrial "know-how." Colonel Glenn has said that we have just begun to scratch the surface of the knowledge that is to be gained from outer space. There still remains much to be learned about the Earth on which we live.

New discoveries are constantly being made in every field, which provide each new generation with a broader base of knowledge. Some of these new discoveries are capable of destroying mankind, and it is up to you, in part, to see that the advancements made are for the betterment of the world.

In the kind of future that we see emerging before us, the high school education that you have completed will be insufficient for coping with the problems that will be presented to you. Another year or two, maybe more, of education will be needed just to prepare you for day-to-day living. You must bear in mind that the world of tomorrow may be much different from the one we know today.

Truly, you are graduating in an exciting and challenging time. Best wishes to you.

*Principal
High School*

Wendell E. Beattie M. E. BEATTIE

It has been said "There is a Crisis in the Affairs of Man when taken at the flood will lead on to fortune." The years of education is the period of Crisis in the lives of all young persons. If full advantage is taken of this opportunity the fortune you will gather will be that of a full and usefull life.

Director: Mr. Wenner.

You have reached a very important milestone in life - the move from Junior High to High School. You are entering a new decade in which opportunity for progress surpasses that of any period in the history of mankind. During your lifetime, things that are today unheard of, will become commonplace. The challenge is to you. Make yourself a part of this new world. Accept the changes that are good and hold on to worthwhile things from the past. Listen to words of wisdom but learn to sift the good from the bad. The ability to reason sets man apart from the rest of the animal kingdom. Make use of this ability and let no man control your thoughts. With freedom of thought and freedom of expression, we will not become slaves to any man, race, or ideology.
